

Tuesday 3rd November 2020

Dear parent/carer/guardian,

Our mission here at St Anne's is to continue to educate your child as effectively as possible, no matter what the obstacles presented.

Owing to this, and in order to develop our Remote Learning offer further, we will be hosting 'live lessons' in Maths, English and Science for Year 9 students this week through Microsoft Teams. The below timetable details: class codes for each subject (these will match your child's timetable); the teacher, time and date for each Live Lesson; which 'Team' or channel each lesson will be delivered in. Lessons will be delivered in the relevant Class Team, but where one teacher will be delivering to more than one class the lesson will be delivered in the whole year group channel. Therefore, please advise your child to check both the class and whole year group channels to ensure they are successfully able to access their lesson.

To ensure your child can successfully log into Microsoft Teams, we have created two 'how to' videos on YouTube to talk them through the process on a computer and a smart phone (see links below). Alternatively, they can email itsupport@stannesrchighschool.com for further guidance. Registers will be taken during these lessons and non-attendance will be reported to the Pastoral and Attendance Teams. If your child is unable to access the Live Lesson at the specified time, a recording of the lesson will remain accessible in that Team.

9MYB	Wed 4 Nov	9:00	SCO	Year 9 Channel
9MYC	Wed 4 Nov	1:50	KPO	Year 9 Channel

These Live Lessons are being delivered in addition to the work being set on Microsoft Teams. From the start of this half term, we will be sharing our Remote Learning Strategy with all parents/carers, and Live Lessons will form a part of our offer for all whole year group isolation periods that exceed three working/school days.

Once again, our mission at St Anne's is to educate your child as effectively as possible, despite any obstacles which may present themselves. Thank you for your ongoing support during these unprecedented and challenging times.

Kind regards,

Miss A Morgan
Head of Year 9/Teacher of English
